

FRONT

BACK

Before the election of the O'Farrell Government, permanently-staffed fire stations were never closed. Not for staff shortages. Not for any reason. Our community's safety was simply too important to risk.

But now savage budget cuts are regularly closing our 24/7 fire stations.

In only 10 months the Shire's professionally-crewed fire stations have already been closed more than

60 times:

Miranda Fire Station
CLOSED 10 TIMES

Sutherland Fire Station
CLOSED 26 TIMES

Menai Fire Station
CLOSED 28 times

It's only a matter of time before somebody dies.

Put the Liberals LAST
