

Andrew Haas

Since joining the FBEU and the NSWFB in 2001, I have been stationed at Guildford, Wollongong Comms and Wollongong (Rescue). Currently I am a SF/Hazmat Tech at Shellharbour Hazmat.

I've been a station delegate at Guildford then Wollongong Comms until it was closed in 2012. The Comms closure agreement between the FBEU and the Department is something I am extremely proud of. It was the result of the continual negotiation, research and work that the Katoomba Comms delegate and I conducted alongside FBEU Industrial Officers for nearly 2 years.

As FBEU rep on the South Coast Labour Council for 7 years, I helped organise the local May Day and worked with other Unionists/Unions.

Since 2015 I have been the Illawarra Sub Branch Secretary and I am now seeking re-election.

During my 2nd term I will be strengthening the ISB delegate network making it even stronger to meet the challenges ahead. As I have done over the past 3 years, I will continue to help and support ISB members, bring their concerns to SCoM and be their advocate.

The ISB deserves a Secretary that listens to and respects ALL members and their concerns.
