

Sam Wassell

I've been a firefighter for 11 years at 42 Ryde, 31 Busby and 23 Gladesville on B platoon for the last few years.

I'm a firm believer that you can't just sit on the sidelines if you want to have a say in what's going on. I've seen the positives that come from the strength of our union and particularly what can be done when we all get involved. I have attended many SCOM meetings and unless I'm overseas you would probably have seen me at most of the marches and union events. I was part of the crew at 42B who wrote the initial draft and did the first shifts in the trial of the 24 hour roster. We held multiple discussions with management and union officials and it really brought home to me the change that can be made if you get involved and put the effort in.

I love this job and I think most of the reason for that is the people who work here, and I will do anything I can to help anyone who asks. Going forward I will always strive to do right by the members.
