

Sandy Linton

I joined the Retained ranks of NSW Fire Brigades in 2000 originally at Moss Vale and transferred to the Woolgoolga Station several years ago.

I have held the position of Deputy Captain at both stations and currently still do at Woolgoolga.

I've been one of two FBEU Station Delegates at Woolgoolga for some years now and was successfully voted onto the FBEU Retained Subbranch committee last elections.

My campaign pledge is based on being contactable to all members, listening to all the different sides of what the members want, not making any personal decisions or taking action without all the facts BUT most certainly on any issues with deadlines not to procrastinate until it's too late.

My aim is to work hard for the benefit of ALL Union members.

Unity within the FBEU is something I am extremely passionate about!

If I'm successfully voted as the FBEU Junior Vice President I promise I will:

- 1: Be open and contactable for all members.
- 2: Constantly look for ways to improve the conditions of all firefighters.
- 3: Be willing to work with all members on the SCoM.
- 4: Most importantly; keep all Union values high.
