

Chris Perrin

I have been a member of the FBEU since 1986 when I joined the NSWFB, now FRNSW. I have been a member of a union since I was 15 years of age & have always been passionate in standing up for & representing my workforce. I was the Secretary of the Country Sub Branch & have been on the Executive of the CSB for almost 14 years, prior to that I was a Station Delegate in Sydney & I'm currently stationed at Tweed Heads.

I think there needs to be changes on the State Committee & some fresh ideas. The last few years have seen changes brought into our Awards uncontested & generational change sold for a pittance. Things need to change!

Things I stand for & want to see are:

- **UNITY** - The FBEU is split into factions & many members feel marginalised
- **CHANGE** – Improve the way we perform industrially
- **ENGAGEMENT** – Talk with the members not at them
- **ACCOUNTABLE** – Transparent & accountable at all times to all members
- Electronic voting & video conferencing of meetings
- Plan for Award rounds with the input of members

Carry out a review of the FBEU from the Office to the Sub Branches &
