

**FIRE +
RESCUE**

FIREFIGHTER CHAMPIONSHIP

Region North 2

25 – 26 October 2025

Hosted by Casino Brigade

Fire Rescue Safety Australia (FRSA) runs parallel to those who strategically manage the emergency management process. We are professional equipment suppliers who provide expertise throughout the Asia Pacific region.

FRSA is a partner you can trust to provide the right advice and support throughout the entire emergency management cycle. Our team of professionals have strong backgrounds and expertise in varying disciplines of emergency response, providing exceptional levels of support around the clock when you need it most.

Quality is the foundation of all products in the FRSA range. Our suite of products can assist emergency services in the following disciplines.

- Fire Fighting
- Vehicle Extrication
- Breathing Apparatus
- HazMat
- Confined Space
- Water Rescue
- First Aid / Medical
- Rope Rescue
- Search and Rescue
- Emergency Response Vehicles
- Law Enforcement / Military

Welcome to Casino!

The Firefighter Championships Association (FCA) would like to welcome dignitaries, participants, their families, sponsors, and supporters to the NSW Regional Firefighter Championship.

I would also like to thank Captain Greg Miller for hosting this event and for the warm welcome to the town of Casino. The success of the Firefighter Championships is made possible by the tremendous effort of hosting brigades and the team at 253 have certainly worked hard to bring this event together. Casino is a town rich in history and it is a pleasure to be holding the championship event in such a fantastic location.

Much like the town of Casino, the NSW Regional Firefighter Championships are also steeped in history. The event tradition and camaraderie, professionalism, and dedication that defines the firefighting profession, builds on the strength of over 100 years of tradition, and allows NSW firefighters to share the experience with the communities they serve.

The Championships not only celebrate the exceptional skills of our firefighters but also provide a platform for knowledge exchange, innovation, and collaboration. As we watch the events unfold over the coming days, we will witness remarkable displays of strategy, precision, and resilience. These championships serve as a testament to the continuous training and determination of our firefighters, who work tirelessly to ensure that they are always prepared for anything.

With that in mind, I would like to extend my thanks and appreciation to those teams who have registered to compete. FRNSW provides coverage right across NSW and it's important that we provide opportunity for all communities to experience the Firefighter Championships right across the state.

Finally, thank you to our valued sponsors and their representatives for their continued support. Their sponsorship and ongoing commitment to these events is also crucial to the sustainability of the Firefighter Championships and enables continued capability building across NSW firefighters to the benefit of their communities.

To all those in attendance, enjoy the extraordinary displays of talent and the fierce competition that lies ahead! It promises to be a great weekend and a fantastic representation of emergency services preparedness.

Jamie Loader AFSM
President FCA

“The Tyrepower Group was formed in 1977 by ten independent tyre retailers with the aim of offering consumers the flexibility, savings, and value of an independent dealer network.

Tyrepower has grown to be the largest independent tyre retailer in Australia and New Zealand.

Tyrepower has a strong place in communities all over Australia and New Zealand, so this is a very good match for both parties. Often in partnerships, it is about shared values, and it is for Tyrepower a fantastic opportunity to work with Fire and Rescue New South Wales.

We wish the competitors all the best and are looking forward to a weekend of fun, camaraderie, learning and competition.

Our core values and aspirations align closely to those of Fire and Rescue New South Wales as we get everybody who visits our stores safe back onto the road– our dealer network are passionate about our local communities, we also know that community safety is at the forefront of Fire and Rescue New South Wales and their community”

**Henk van Diggele
General Manager**

THE CHAMPIONSHIP ENVIRONMENT

The Championships will continue to recognise our history and complement Fire and Rescue NSW's strategic plan, to protect the irreplaceable. In today's environment this requires us to be prepared for anything. Being prepared for anything means continually developing teamwork, camaraderie, and skills relevant to our eight core capabilities.

The Championships enhance and develop these essential skills with the goal to maintain and develop an efficient and highly effective emergency service, serving communities across NSW. Championships provide an opportunity to improve community safety by engaging with a wide audience including our emergency services partners, along with the business sector.

I encourage all to engage and embrace the spirit of the Championships and participate with respect and inclusion.

Thank you to 253 Casino for hosting this event and I hope all those who attend enjoy the experience of being involved with Firefighter Championships.

**Fire and Rescue NSW
Acting Assistant Commissioner David Felton AFSM
Director of Firefighter Championships**

Championship Values

- Respect - We always treat each other, our partners, stakeholders and recipients of our services with respect and fairness while recognising and accepting the differences, wishes, rights, feelings and value of others.
- Integrity - We always act professionally and can be trusted implicitly because honesty, transparency and strong ethical principles underpin who we are and everything we do.
- Service - We are reliable, always performing our roles safely, effectively and efficiently, while taking responsibility for our actions and decisions.
- Courage - We always put the needs of the community and FRNSW first, and have the courage not only to deal with serious emergency situations, but to stand up for others and to challenge wrongdoing.
- Develop, maintain, and enhance the operational skills of firefighters
- Promote a professional image of FRNSW to NSW communities
- Promote community safety and awareness
- Encourage teamwork, camaraderie, and individual performance
- Demonstrate various skills, knowledge, and expertise of FRNSW

Championship Objectives

- Provide improved opportunities for firefighters to display a high level of skills
- Deliver improved community safety programs
- Provide an opportunity to market the services of the FRNSW to key stakeholders

**YOU CAN DO EVERYTHING YOU CAN
TO SAVE A LIFE.
LETS START WITH YOURS...**

The crew from 253 Casino and I would like to extend a warm welcome to all Dignitaries, Firefighters, Competitors, and their families to the third Regional Firefighter Championship of 2025 being held at Crawford Square, Casino.

I would like to thank the entire crew from Casino Fire Brigade who have all contributed in some way to the success of this event. We have been working tirelessly on making this an enjoyable event for all.

We encourage everyone to make the most of their trip to the Richmond Valley and take the time to experience all that it has to offer.

Enjoy the competition, comradery and most importantly of all, stay safe.

Thanks,
Greg Miller
Captain Casino Brigade

Event 1. Urban Pumper Collector and Ladder

Objective:

To extinguish a fire on a rooftop using two lengths of 38mm hose and hydrant water through the appliance.

Core Skills:

Pump Operation, Hydrants, Breeching Piece, Ladders, Hose Handling and Branches

Equipment:

Hoses used – 1 x 70mm (10m filler hose) and 2 x 38mm flaked hose (30m)
The appliance will be stowed with two lengths of 38mm hose flaked, two shut-off branches, one 10m length of 70mm filler hose rolled on the bight, one breeching piece and one standpipe. All with storz couplings.

Order	Station	Brigade Name	Order	Station	Brigade Name

The Safety Company

Objective:

To extinguish a fire in a multi-storey building utilising hydrant water through the pump and a 38mm hose from a hose cabinet on the first floor. The pump becomes disabled before the fire is extinguished so the onboard Davey pump is then utilised to complete the task, using water from the appliance first aid tank.

Core Skills:

Pump Operation, Hydrants, Breeching Piece, Ladders, Davey Pump, Hose Handling and Branches

Equipment:

Hoses used - 2 x 70mm (10m filler hose) and 2 x 38mm (30m) (1 x flaked and 1 x double rolled on bight)

The appliance will be stowed with two 10m lengths of 70mm filler hose double rolled on the bight, two 30m lengths of 38mm hose (one double rolled on the bight, the other flaked), one breeching piece, one branch and one standpipe. All with Stortz couplings.

Order	Station	Brigade Name	Order	Station	Brigade Name

6	505S	Wyong B	13	253S	Casino B
7	349	Kurri Kurri			

Event 3. Booster Valve and High-Rise Bag

Objective:

To extinguish a fire in a multi-storey building using a boosted water system and a 38mm hose from a hose cabinet on the first floor. The remote access bag is also employed to extinguish a ground level fire from the boosted system.

Core Skills:

Pump Operation, Booster Valve, Remote Access Bag, Hose Handling, Branches and Ladders

Equipment:

Hoses used – 2 x 70mm (10m filler Hose), 2 x 38mm flaked hose (30m)

The appliance will be stowed with one length of 38mm hose flaked, two 10m lengths of 70mm filler hose rolled on the bight, one high-rise bag containing one length of 38mm hose flaked and one branch. All with Stortz couplings.

Order	Station	Brigade Name	Order	Station	Brigade Name

5	383	Morisset	12	465	Trangie
6	505S	Wyong B	13	253S	Casino B
7	349	Kurri Kurri			

Objective:

This event hones the skills of the firefighter in quickly ascending a ladder to gain access to an upper level of a building.

Core Skills:

Ladders

Equipment:

There is no equipment for this event other than that which is set up on the track. Brigade work trousers are to be worn but other than that competitors may wear a singlet, team T-shirt, shirt etc and they can also wear boots or shoes. (No specification on colour)

Event 5. Urban Pumper BA and Foam

Objective:

Two firefighters in breathing apparatus are to extinguish a fire using one length of 38mm hose with hydrant water supplied through the appliance by the other team members (utilising foam eductor to simulate foam-making drill)

Core Skills:

Pump Operation, Hydrants, Hose Handling, Branches, Foam making and SCBA. Competitors are marked and timed on their ability to correctly perform all the above-mentioned tasks.

Equipment:

Hoses used – 1 x 70mm (10m filler hose) and 1 x 38mm (30m)

The appliance will be stowed with one length of 38mm hose flaked, one shut-off branch (with aeration tube attached), one 10m length of 70mm filler hose rolled on the bight, one breeching piece and one standpipe, one 38mm foam eductor and one foam concentrate siphon hose. All with Storz couplings.

2 x SCBA air sets and the BA control board will also be used.

7	349	Kurri Kurri			

The Safety Company

Event 6. Urban Pumper and Breeching

Objective:

To extinguish a fire using two lengths of 38mm hose and hydrant water through the appliance. The first 38mm hose will utilise tank water from the appliance and the second 38mm hose will utilise water from the hydrant.

Core Skills:

Pump Operation, Hydrants, Breeching Piece, Hose Handling and Branches

Equipment:

Hoses used – 2 x 70mm (30m) (1 x flaked and 1 x rolled on bight) and 2 x 38mm flaked hose (30m)

The appliance will be stowed with two lengths of 38mm hose flaked, two shut-off branches, one 70mm hose flaked, and one 70mm hose rolled on the bight, one breeching piece and one standpipe. All with Stortz couplings.

Since 1910**

Event 7. Rescue

Objective:

To assess various rescue skills of the four firefighters in the team.

Core Skills:

Rescue Skills (Knots, Combi Tool, RIK, Power Hydraulic Pump, Hand Hydraulic Pump, Stokes Litter)

Equipment:

There is no equipment for this event other than that which is set up on the track.
Full brigade PPE is required for this event (boots, helmets, gloves, eye protection)

Order	Station	Brigade Name	Order	Station	Brigade Name
1	756	Kootingal RFS	8	455	Rutherford
2	505	Wyong	9	509	Wyoming
3	485	Wangi Wangi	10	253	Casino

5	383	Morisset	12	465	Trangie
6	505S	Wyong B	13	253S	Casino B
7	349	Kurri Kurri			

Event 8. Hose Hydrant and Extinguisher

Objective:

This event is used to simulate an initial attack on a fire using a water extinguisher. After that, one 38mm hose line is used with water from a hydrant which then needs to be lengthened to two lengths to go deeper into the fire.

Core Skills:

Hydrants, Extinguishers, Hose Handling and Branches

Equipment:

Hoses used – 2 x 38mm (30m) (double rolled on the bight)

Two lengths of 38mm hose double rolled on the bight, one shut-off branch, one standpipe and one water extinguisher. All with Stortz couplings

Order	Station	Brigade Name	Order	Station	Brigade Name

THE FORCE BEHIND THE FIGHT

THE GLOBAL LEADER IN FIRE SUPPRESSION SINCE 1886

Event 9. Hose and Hydrant - 4 Competitors

Objective:

A team of 4 firefighters use this event to simulate an attack on a fire using 2 lengths of hose and water directly from a hydrant.

Core Skills:

Hydrants, Hose Handling and Branches

Equipment:

Hoses used – 2 x 38mm (30m) (double rolled on the bight)

Two lengths of 38mm hose double rolled on the bight, one shut-off branch and one standpipe. All with Stortz couplings

Order	Station	Brigade Name	Order	Station	Brigade Name
1	756	Kootingal RFS	8	455	Rutherford
2	505	Wyong	9	509	Wyoming

5	383	Morisset	12	465	Trangie
6	505S	Wyong B	13	253S	Casino B
7	349	Kurri Kurri			

Event 10. Hose and Hydrant - 2 Competitors

Objective:

A team of 2 firefighters use this event to simulate an attack on a fire using 1 length of hose and water directly from a hydrant.

Core Skills:

Hydrants, Hose Handling and Branches

Equipment:

Hoses used – 1 x 38mm (30m) (double rolled on the bight)

One length of 38mm hose double rolled on the bight, one shut-off branch and one standpipe. All with Stortz couplings.

Event 11. Urban Pump Suction

Objective:

To extinguish a fire using two lengths of 38mm hose and water through the appliance from a static water supply such a dam or pool.

Core Skills:

Pump Operation, Static Water Supplies, Hose Handling and Branches

Equipment:

Hoses used – 2 x 38mm (30m) (1 x flaked and 1 x double rolled on bight)

The appliance will be stowed with one 38mm hose flaked, one 38mm hose double rolled on the bight, one shut off branch and one length of suction hose. All with Stortz couplings.

Championship Safety Strategy

FRNSW is committed to safety throughout the workplace – for everyone, everywhere, always. As a result, it developed the Firefighter Championships Association 2013 Safety Strategy. For more information, visit firefighterchampionships.com.

All injuries must be reported immediately to an FRNSW Official. Competitors must complete relevant forms at the time of injury.

Fire & Rescue NSW Code of Conduct

All Championship competitors, officials and support personnel must comply with FRNSW's Code of Conduct. For more information, visit fire.nsw.gov.au/page.php?id=159.

Alcohol and Other Drugs Policy

On 1 December 2013, FRNSW implemented the Alcohol and Other Drugs Policy and Alcohol and Other Drugs Testing Procedure. For more information, visit the intranet site.

Support services include:

- FRNSW Chaplain - Jason Goodhart - 0418 869 280
- FRNSW Employee Assistance Program (EAP) - 1300 360 364
- Wellbeing Coordinator - 9265 3910 or 0448 295 725
- The Health and Safety Branch, 9265 2800

NOTE: Alcohol and other drugs are not permitted to be consumed within the Championship perimeter.
