Dear Leighton,

Re: Collaboration with NSW Ambulance regarding Public Access Defibrillation

I write to express my disappointment at the issuing of the Code Red, which failed to communicate the full story, following my letter to you yesterday. It was never the intention of FRNSW not to consult with the FBEU regarding the proposal and indeed the letter, which was intended as formal notification of the program, clearly indicated that FRNSW would continue to consult with the FBEU throughout the process. You were also invited to advise a suitable time to commence the consultation process.

I reiterate our willingness and intention to fully consult with the FBEU and in particular now look forward to the opportunity to discuss the matters referred to in the Code Red and any other concerns you may have regarding consultation.

Please confirm availability to meet and discuss either next Tuesday or Wednesday afternoon.

Yours sincerely,
