Commissioner Fire and Rescue NSW

Dear Commissioner Baxter

**Re: Joint Review of E-Recall System**

As you are aware, FRNSW's implementation of the E-Recall system was negotiated between the parties for the better part of 2017. In December 2017, the FBEU as a sign of good faith agreed that FRNSW would proceed with implementing the E-Recall system subject to review by both parties in six months.

The E-Recall system went live in February 2018 but unfortunately the review did not take place within the agreed timeframe.

The FBEU writes now to request both parties undertake a full review of the E-Recall system as agreed in December 2017.

Please contact me to discuss specifics.

Yours fraternally

Leighton Drury  
State Secretary
