Premier & Health Minister flag changes around COVID settings

The FBEU are aware of an announcement made today concerning changes to NSW Health Orders and Guidelines, including those relating to vaccine mandates for 'key workforces' in NSW.

A [press release](#) made by the Premier states: Public health orders requiring key workforces to be vaccinated will be lifted, with vaccine requirements to be based on risk assessments under occupational work health and safety, in line with other jurisdictions.

The FBEU are aware that Emergency Services Minister Steph Cooke has written to Commissioners within her portfolio this afternoon.

The Union are seeking an urgent meeting with the Minister to discuss the position of FRNSW workers.

We will endeavour to update Members as soon as possible.
