FBEU Award Negotiations Log of Claims – Member meetings

Last week we asked members to complete a survey to provide feedback on what you would like to see in the Firefighting Awards as we head into the 2023 negotiation round.

We have scheduled meetings to go along with the survey and encourage you to attend the relevant meeting for your work area. If you are unable to attend your work area's meeting, you are welcome to attend another one.

Note that we ask that you only attend one meeting. This is to allow all members to have sufficient time to have their say. You will be required to set your zoom name so that we can ensure that you are an FBEU member.

The zoom links are available by clicking here.
